

FOR IMMEDIATE RELEASE

AirIQ Signs Contract with Large U.S. Construction Company

Toronto, Ontario –September 19, 2016 – AirIQ Inc. (TSXV:IQ) is pleased to announce the signing of an order for 1,000 GPS units with a major construction company in California, U.S.

"We are thrilled that we have been awarded this blanket agreement," said Michael Robb, President and Chief Executive Officer of AirIQ. "This order is a testament to our Customer's belief in the benefits of the AirIQ solution to help them manage their assets, increase efficiencies and save time and money," continued Mr. Robb.

The Customer will utilize AirIQ's solution to manage their large construction fleet to monitor fleet maintenance, engine hours and driver safety. In addition, the Customer will implement AirIQ's API to integrate with its own internal administrative systems.

AirIQ will fulfill the Customer's order in multiple shipments throughout 2016 in accordance with the Customer's installation schedule.

About AirIQ

AirIQ currently trades on the TSX Venture Exchange under the symbol IQ. AirIQ is an intuitive web-based platform that provides fleet operators and vehicle owners with a suite of asset management solutions to reduce cost, improve efficiency and monitor, manage and protect their assets. Services are available online or via a mobile app, and include: instant vehicle locating, boundary notification, automated inventory reports, maintenance reminders, security alerts and vehicle disabling and unauthorized movement alerts. AirIQ's office is located in Pickering, Ontario, Canada. For additional information on AirIQ or its products and services, please visit the Company's website at www.airiq.com.

Forward-looking Statements

This news release contains forward-looking information based on management's best estimates and the current operating environment. These forward-looking statements are related to, but not limited to, AirIQ's operations, anticipated financial performance, business prospects and strategies. Forward-looking information typically contains statements with words such as "hope", "goal", "anticipate", "believe", "expect", "plan" or similar words suggesting future outcomes. These statements are based upon certain material factors or assumptions that were applied in drawing a conclusion or making a forecast or projection as reflected in the forward-looking statements, including AirIQ's perception of historical trends, current conditions and expected future developments as well as other factors management believes are appropriate in the circumstances. Such forward-looking statements are as of the date which such statement is made and are subject to a number of known and unknown risks, uncertainties and other factors, which could cause actual results or events to differ materially from future results expressed, anticipated or implied by such forward-looking statements. Such factors include, but are not limited to, changes in market and competition, technological and competitive developments and potential downturns in economic conditions generally. Therefore, actual outcomes may differ materially from those expressed in such forward-looking statements. Forward-looking statements are provided for the purpose of providing information about management's current expectations and plans relating to the future. Readers are cautioned that such information may not be appropriate for other purposes. Other than as may be

required by law, AirIQ disclaims any intention or obligation to update or revise any such forward-looking statements, whether as a result of such information, future events or otherwise.
