Lone Worker Safety

Keep your team connected and protected in the field. **AirIQ's Lone Worker Solution**, helps safeguard lone workers with real-time tracking, an emergency **SOS** button, and motion detection alerts that notify teams of unexpected activity.

Rapid Deployment Tracking

Ideal for rental or temporary fleets. Easily dropped into a vehicle for instant tracking without complex installs. Monitor routes, and recover vehicles with confidence.

Track Anything, Anywhere

The **AirIQ's Lone Worker Solution's** long-life battery and compact design make it perfect for trailers, machinery, or portable equipment on the move.

Cargo Confidence

Ensure cargo and shipments arrive safely. Real-time location tracking with geo-fence alerts gives logistics teams total visibility from warehouse to destination.

OTA CONTROL

Manage and update devices remotely. No on-site needed.

RAPID INSTALLATION

Cable-free design for quick setup and tracking in minutes.

LOW BATTERY ALARM

Instant alerts when power runs low to avoid downtime.

EMERGENCY BUTTON

One press sends an instant SOS alert with real-time location.

GEOFENCING

Set custom zones and get alerts when assets move in or out.

FALL DETECTION

Instant fall alerts to keep your workers protected.

MOTION DETECTION

Smart sensors activate on movement to save power and capture activity.

LIGHT WEIGHT

Lightweight Design at only 60g, making it easy to carry and conceal.
