AirIQ Announces June 30, 2020 Quarterly Results; Reports Double Digit Recurring Revenue Growth

Toronto, Ontario – August 20, 2020 – AirIQ Inc. (“AirIQ”) (TSXV:IQ), a supplier of wireless asset management services, today announced its financial results for the three months ended June 30, 2020, reporting an 11% increase in recurring revenue, a 12% increase in net income, and a 35% increase in working capital, when compared to the same period the previous year.

“Despite the onset of the global pandemic, AirIQ was still able to achieve double digit growth in our recurring revenue, (which is a key metric for the Company), compared to the previous quarter, as well as increases in net income and working capital, which further strengthens our financial position during these extraordinary times,” said Michael Robb, President and Chief Executive Officer of the Company. “The decrease in hardware revenue compared to the same period last year was due to a large order last year that did not re-occur this year,” continued Mr. Robb.
